

DATA-BLOOM

**ACCURATE, FAST, SCALABLE
OPERATIONAL DECISION SCIENCE AT VALUE**

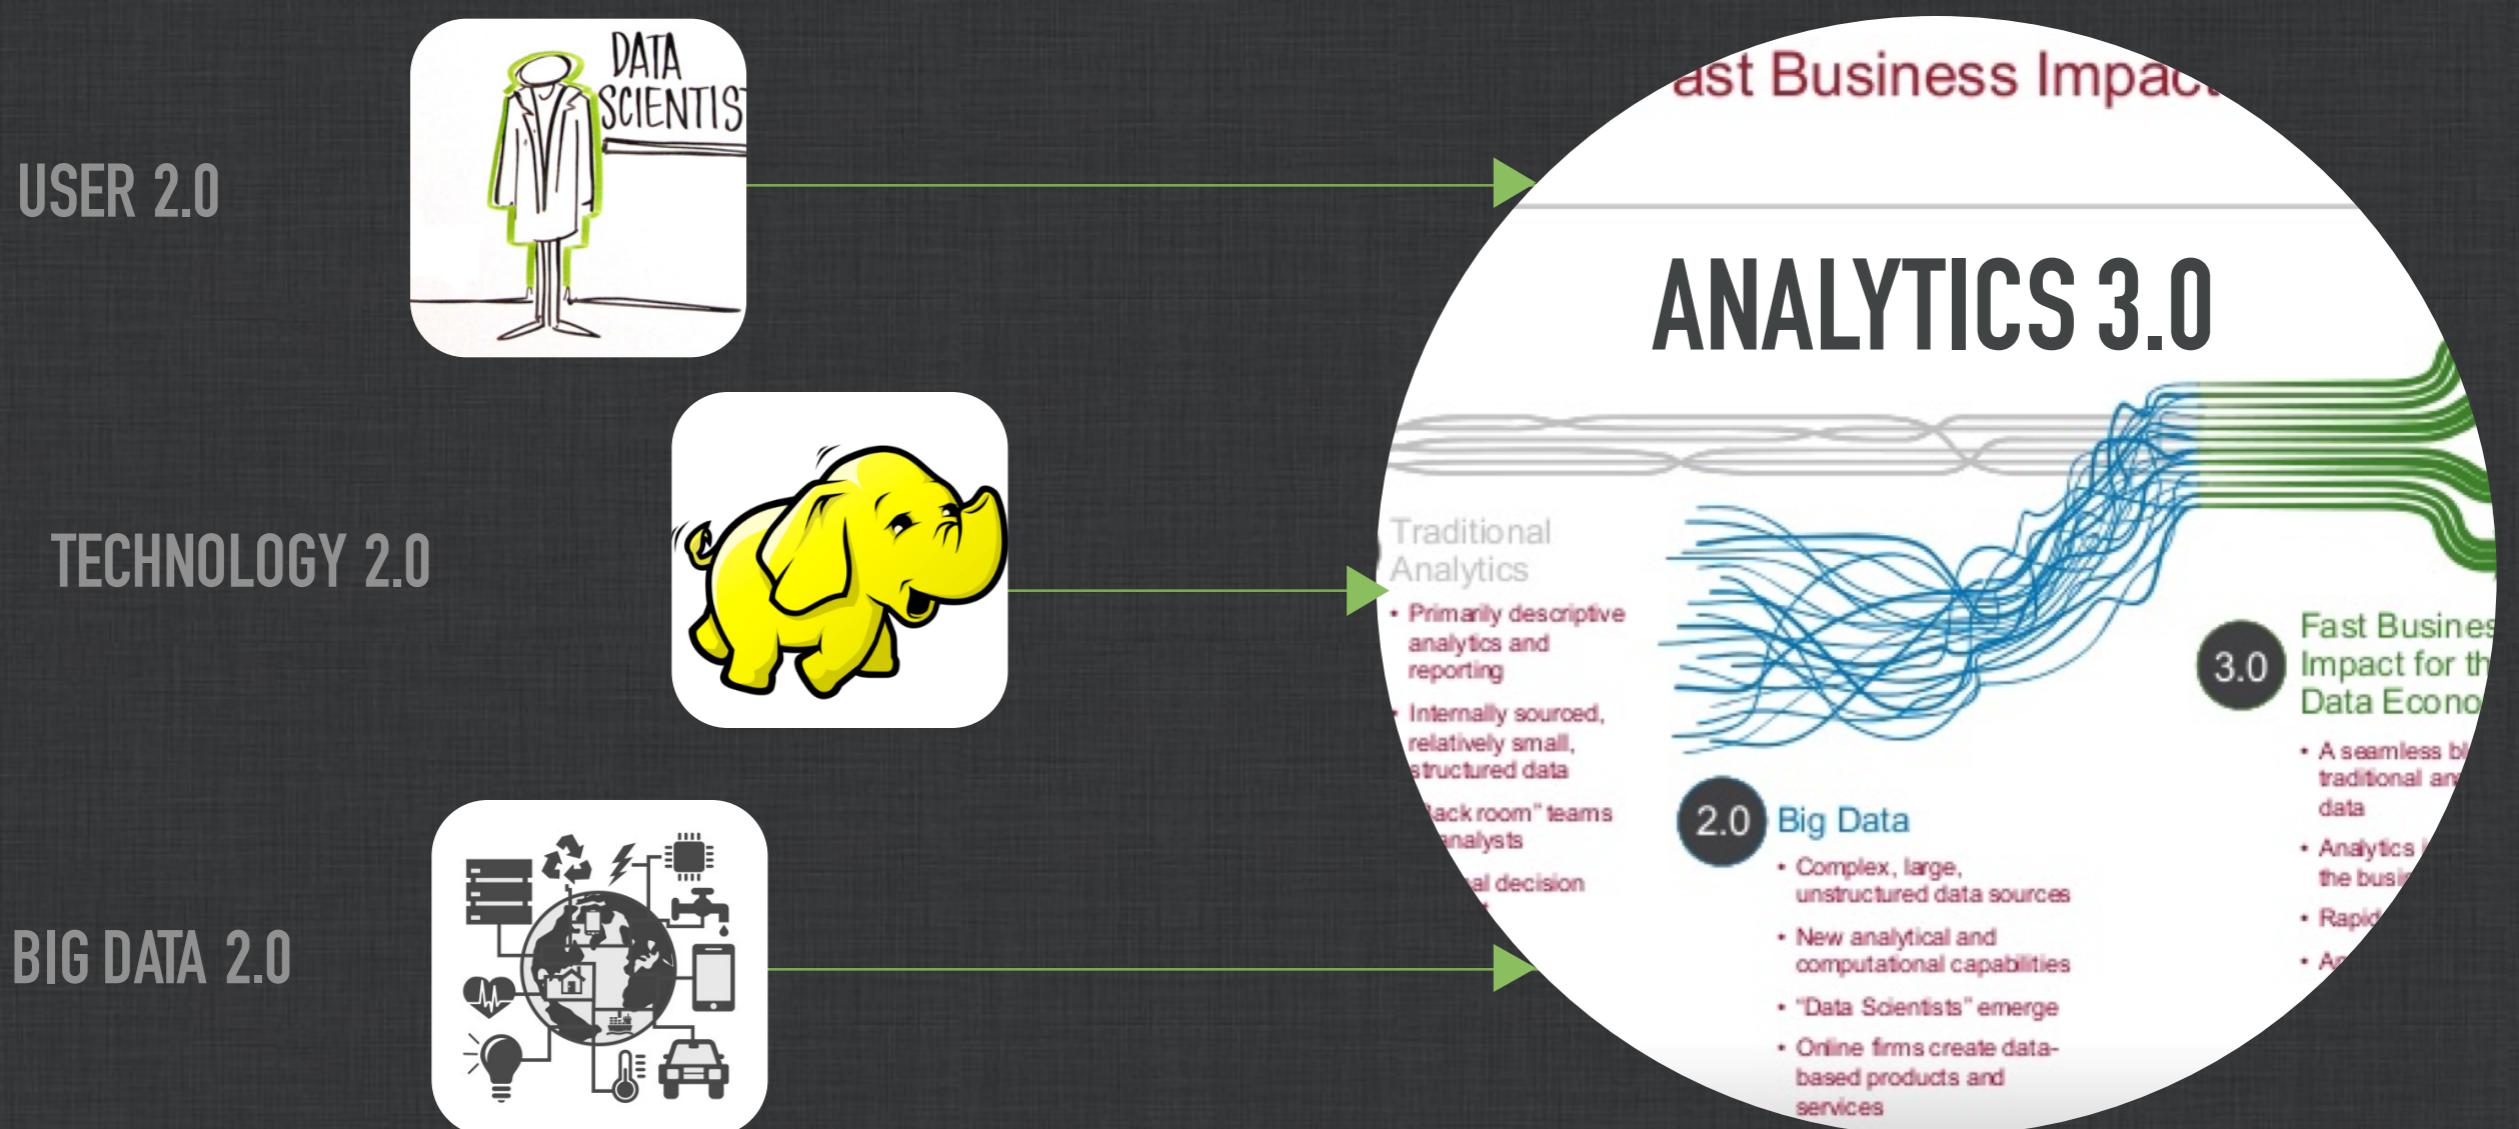

WHAT WE DO

WE HELP DIGITAL ENTERPRISES
COMPETE ON ANALYTICS

WHAT WE DO

- ▶ Help businesses grow with big data and data science

WHAT YOU DON'T HAVE TO DO

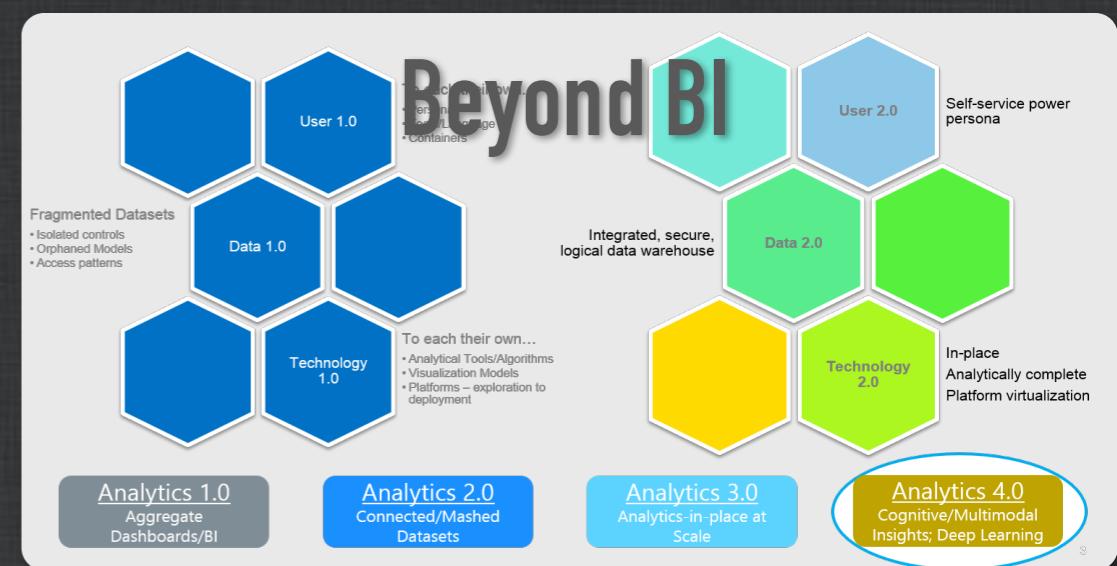

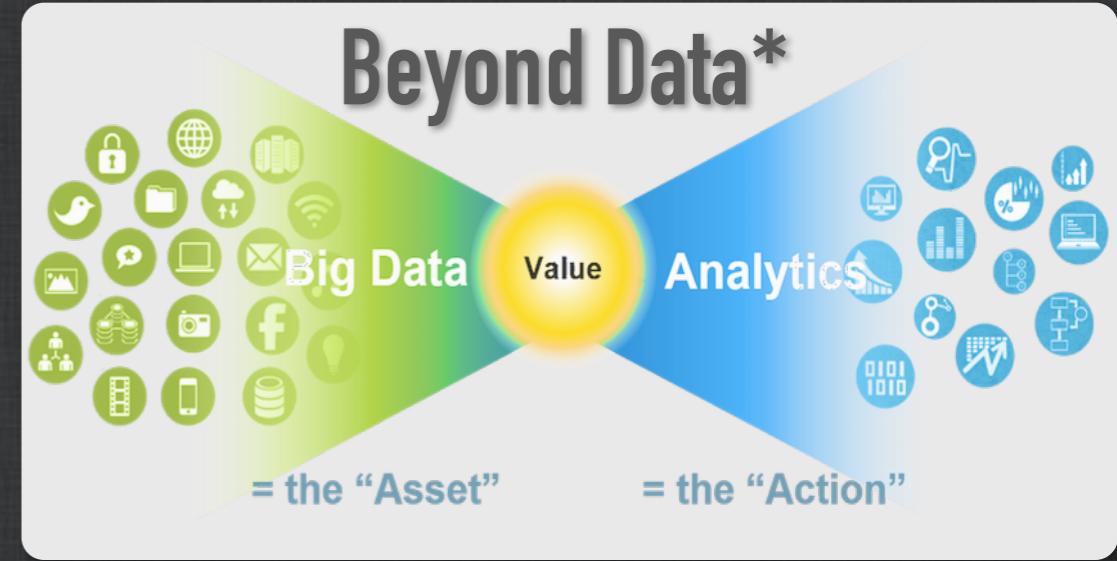

- ▶ Airbnb built a hotel industry *without owning a single hotel*
- ▶ Uber built a taxi service *without owning a single cab*
- ▶ Netflix built an entertainment service *without owning a single data center*
- ▶ Amazon built a retail business *without owning a single manufacturing plant*

so ...

you can build a dominant data-driven business *without crunching data on your own; let us help*

KEY MESSAGES

- ▶ Data is the body, analytics is the brain
- ▶ Seed and grow a smart-data enterprise, but don't build a data science factory yourself
- ▶ Don't wait years to harvest insights from data; deploy operational solutions NOW

DIFFERENTIATORS

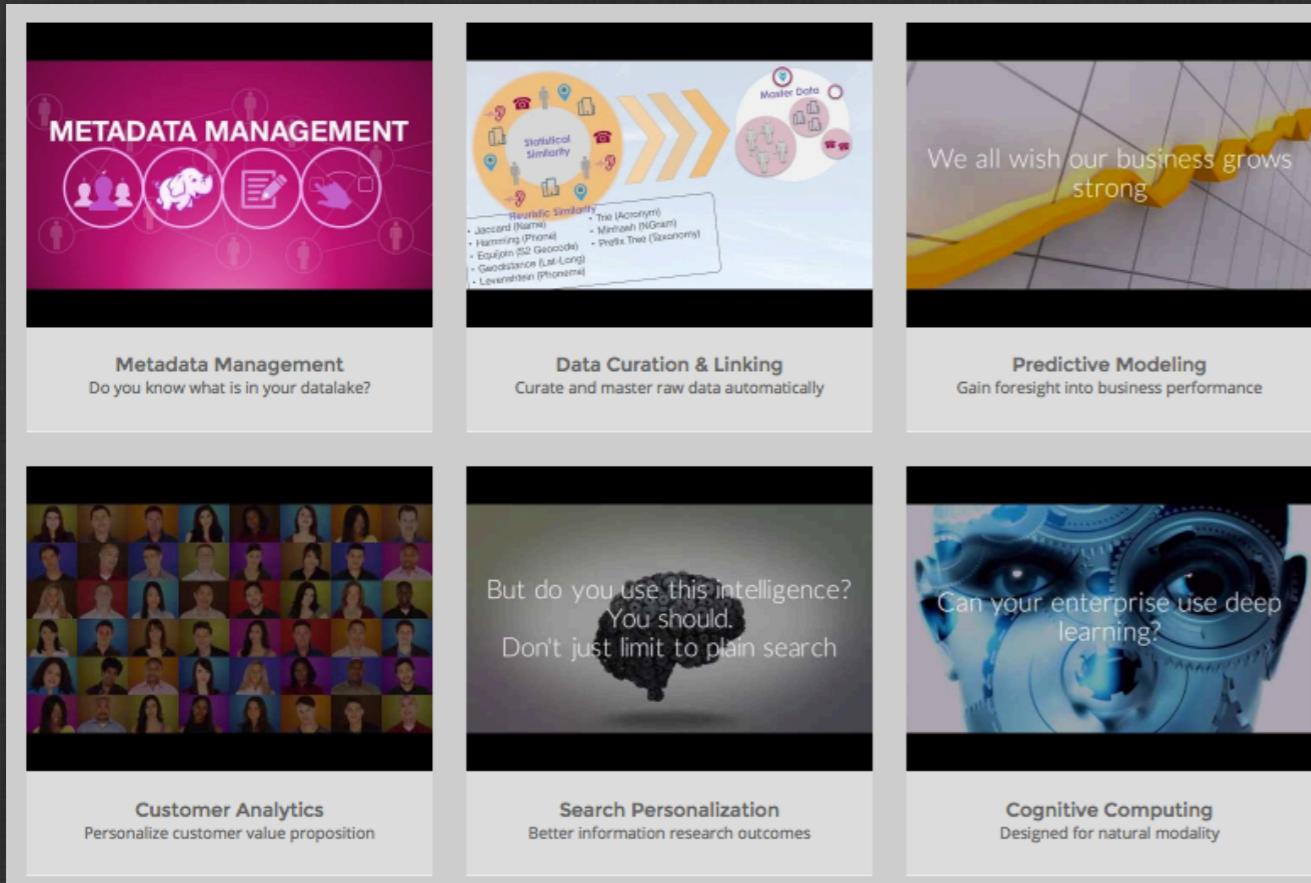

Analytical co-sourcing to deploy practical end-to end solutions that bridge business, science, and IT. Pay-per-solution analytics-as-a-service will augment (not replace) and empower your teams to quickly deploy and reuse
